

Planned power outage: North Island Communities

We realize there's never a good time to have an outage, but we need to switch off power in your area for about 10 hours while we perform critical maintenance work and replace end of life transmission structures that feed the North Island.

Where: North Island Communities—Woss, Telegraph Cove, Alert Bay, Malcolm Island, Port McNeill, Port Alice, Port Hardy, Coal Harbour, Holberg, Quatsino, Winter Harbour and surrounding areas

When: Sunday, May 29 from 7 a.m. to 5 p.m.

Protect your electrical devices: Unplug all electronics and turn off all lights, electric heaters, and major appliances. We'll restore power as soon as we can.

Visit bchydro.com/outages or call 1 800 BCHYDRO (1 800 224 9376) for more information.
