

# KWAKSISTAH REGIONAL PARK CAMPSITE

winter harbour

The small hamlet of Winter Harbour was named in the 1800's when its sheltered harbour became a haven for sailing ships.

Today, the docks are always busy providing modern fishing boats with the same welcoming respite.

## CAMPGROUND AMENITIES

Kwaksistah Park Campsite sits among tall trees at the waters edge. You'll find eight campsites, fire pits, picnic tables and a sheltered barbeque. This campsite is very rustic and not suitable for tenting.

The campsite does not have running water, power or sewer. It is advisable to bring in your drinking water. There are outhouses provided for your use.

Please keep your fires small - you are camped amongst a thick forest of trees. At times there may be campfire bans imposed by the Ministry of Forests due to extreme dry weather conditions. Please obey all posted signs.

A boat launch for very small boats is available at the campsite free of charge.

lighthouse in winter harbour

Please note that Kwaksistah Park campsite does not have a caretaker.

There is no garbage collection, please take your garbage with you when you leave.

## OTHER ATTRACTIONS

While staying at Kwaksistah Park you may enjoy visiting the following:

- » Ronning's Garden
- » Raft Cove Marine Park
- » Cape Scott Provincial Park

## RATES AND RESERVATIONS

No fees are collected at this time and reservations are not being taken. Sites are available on a first come, first served basis. We ask that you please limit your stay to 14 nights.
